

INTRODUCTION

In the heart of the crypto jungle, \$TYGO the Tiger was born.

He loves to trade and gamble, always chasing the next big move, because for Tygo, nothing roars louder than money.

MISSION & VISION

The Lore — Rise of the Tiger

Deep within the chaos of the Solana jungle, when markets bled and fear ruled, something powerful awakened, a tiger forged by greed, hunger, and pure survival instinct.

He hunted every opportunity, learned from every fall, and grew stronger after every loss. Tygo isn't a hero or a villain.

He's what the jungle made him: "A beast that hunts bags, not prey."

His claws are sharp, his reflexes faster than any chart, and his roar echoes across the entire degen ecosystem.

Tygo doesn't just chase alpha, he creates it.
